

Congratulations!

RDJ Bakeries is committed to the wellbeing of you and your team and has invested in a Health Spending Account for you. Your HSA will cover medical and dental health services for you and your dependants, many of which are not covered by traditional benefit plans.

What's covered?

Anything typically covered under an insured plan plus:

Orthodontics

Laser eye surgery

Restorative Dental

Fertility treatments

Elderly care

Special needs services

Naturopath services

Dietician services

...and much more

No Plan limits

Gone are the days of having restrictive limitations on certain practitioners or services. The beauty of an HSA is you are only limited by how much is in yours. You can use your contributions for whatever eligible medical expenses you see necessary.

Contrary to the plan limitations of traditional benefits, with an HSA, if you don't use it, you DON'T lose it. You can save for major expenses down the road because with a Health Spending Account, your unused contributions will continue to add up every year.
